

COMDEX[®]

FALL 2003

THE GLOBAL TECHNOLOGY MARKETPLACE

Exhibit at COMDEX...

It Works

In the technology business, there are certain strategies you build into the system for one simple reason: **They work. Every time.**

Exhibiting at COMDEX is one of those strategies.

COMDEX draws thousands of the most empowered executives, decision makers, and buyers in the industry.

The top three reasons attendees come to COMDEX Fall are for product evaluation (87%), purchasing (69%), and face-to-face contact (65%).*

Security

Security will continue to be a top-spending priority for companies in 2003 and 2004. The Information Security segment at COMDEX Fall 2003 will showcase information security solutions, security management software, security services, firewalls, antivirus software, and biometrics.

Real-Time Enterprise Solutions

Real-time data access, analysis tools, and business storage solutions remain a key focus for companies of all sizes. The Real-Time Enterprise Solutions segment at COMDEX Fall 2003 will feature collaborative software, supply chain management, CRM, ERP, databases, e-commerce and e-business solutions, Web services, and more.

Digital Lifestyles

Technologists and line-of-business professionals who attend COMDEX are the perfect target market for digital conveniences and tools. Exhibit at COMDEX and help these early adopters decide which products and services they just can't live without.

Communications

The Communications segment at COMDEX Fall 2003 will spotlight network infrastructure solutions, and wireless technologies, including wireless Ethernet, broadband, fixed wireless, WAP, Bluetooth, HomeRF, and WiFi™.

OEM and International Components Manufacturers

No venue in the world is more important than COMDEX for technology vendors and channel members to build new product and distribution partnerships. But it's not just about building new partnerships. It's also about commerce: 57% of COMDEX Fall 2001 attendees purchased components or OEM products, with an average spend of \$33,600—and with more spending planned over the next 12 months.

Think Outside the Booth

Traditional exhibit spaces and turnkey booth solutions are the basics of exhibiting at COMDEX. Here are a few other opportunities you can take advantage of for maximum pre-event and on-site exposure:

- Pre-event and on-site advertising
- On-site signage and promotional opportunities
- Theme and conference sponsorships
- Customized event marketing programs

Educational Program Sponsorships Put Your Technology Solutions in the spotlight

COMDEX Fall supports its technology themes with intensive educational programs created and led by the industry's top minds. Attendees:

- Learn the latest information about the newest hardware, software, and design and development tools.
- Explore ways to maximize existing technologies and plan for new ones.
- Find new ways to align IT strategies and business objectives.
- Discover best practices for managing IT services and support.
- Explore recent developments in technology applications and ways to leverage them for business success.

Educational Programs: Your Prime Opportunity

Sponsors at COMDEX Fall 2003 will get unprecedented opportunities to increase their brand exposure and target specific buyers. Sponsorship benefits include:

- Your company's name, products, and logo are featured in a multimillion-dollar campaign that includes print and online advertising, direct mail, e-mail, faxes, PR, and alliances.
- Your company's brand messaging will repeatedly reach the entire COMDEX audience.
- Your company's logo will be included in several COMDEX promotions to the greater IT and business communities.
- Your company's brand image will be included in numerous marketing materials targeted to influential IT managers, developers, and business managers.
- Your company will enjoy on-site networking, speaking, and content distribution opportunities that are exclusive to our sponsors.
