

Subj: Innovation Forums: The Next Big Thing for COMDEX

COMDEX Proudly Introduces Innovation Forums

COMDEX means innovation. And now we're bringing the innovation right to you.

We have scheduled five COMDEX Innovation Forums around the country, each addressing a specific topic (the current schedule is below). All are half-day workshops led by the industry's foremost thinkers, and are free to previous COMDEX attendees.

Everyone who attends will receive 15% off their COMDEX Fall 2003 FlexPass. The first 25 registrants will also receive a free copy of David Moschella's new book, "Customer-Driven IT: How Users Are Shaping Technology Industry Growth."

Visit www.comdex.com/forums for the most current information, and to register for COMDEX Innovation Forums updates.

City	Scheduled Date	Topic
Washington, DC	May 6, 2003	Technology Transfer
Chicago, IL	May 20, 2003	Telematics
San Jose, CA	June 12, 2003	Autonomic Computing
New York, NY	June 2003	Digital Convergence
Los Angeles, CA	June 24, 2003	Wireless and IM

See you at the Forums.
